## PEDESTAL SNAP FRAME

With the Pedestal Snap Frame, you don't even need a wall to post signage. This innovative product is actually a snap frame mounted on a stand. It securely holds a 11" x 8.5" sign either vertically or horizontally and even telescopes in height. Perfect for lobbies and restaurants. Height adjustable from 34" to 50".

## PEDESTAL SIGN DISPLAY

This 22" x 28" chrome sign holder is an excellent investment, as it will last for years. The stylish round base provides sturdy support for a rigid substrate with graphics on both sides.

## FLAT BASE SIGN DISPLAY

The Flat Base Sign Display allows you to display a highly visible single or double sided 28" x 22" sign while taking up only a small amount of floor space.

## RECTANGULAR TUBING SIGN DISPLAYS

Use the same amount of floor space to display one, two or three 28" x 22" signs. All units are made of sturdy rectangular tubing to give solid structural support to your messages. Because graphics are visible from both sides, these displays are perfect to grab attention in an entryway, lobby or store. All units are available in a chrome finish. Single and Triple displays also available in a black finish.

*For installations that do not require a Spring Arm Bracket, the Premium Bracket without spring arm offers the same stainless steel sleeve to lengthen the life of the rod. For the longest lasting installations, our premium bracket system is the best choice.*

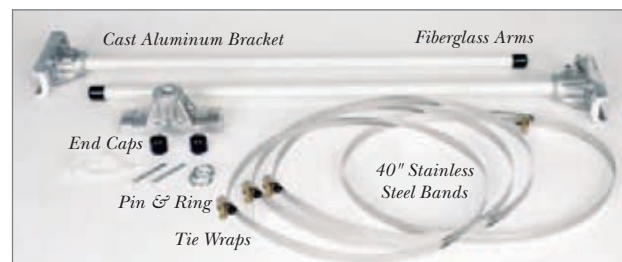

## PREMIUM SPRING ARM BRACKET SYSTEM

Patent #6,378,820

Spend more time enjoying the banner lined street and less time installing the banners. Our new Spring Arm Bracket System makes installing and changing banners so much easier. Simply flex the rod, slip off the banner and slip on a new one. What's more, once the banners are mounted, they last longer. The patented stainless steel spring arm design bends up to 60 degrees to deflect the strongest winds. This flexibility helps maintain the integrity of the poles because it keeps the wind load off.
